

Elite Breeders Program

For those who breed

Introducing the Gold Buckle Futurities Elite Breeders Program! A lucrative and affordable incentive program for the breeders of the top-level performance horses. Join us in *honoring the genetics of versatile rope horses* and be a part of this exclusive opportunity!

No yearly nominations are required for your horse. Instead, make a single annual payment as a breeder's incentive slot owner and benefit from the rewards. Participating in every incentive is not always the most economical, so this program has been established to spread the benefits to everyone involved!

In 2024, we will be offering *100 available breeder slots*. The Elite Breeders Incentive Program will first payout at the **2024 Gold Buckle Futurities Spring Roping** held May 9-12, 2024, in Ardmore, Oklahoma.

Take advantage of this opportunity to highlight your breeding programs' offspring and their achieved success. Do not miss out on the chance to participate and celebrate *the future elite!*

The Elite Breeders Incentive Program payouts will be distributed half to the breeder's slot owner and half to the eligible horse.
